## The View From My Side Of The Road

The two photographs above are truly a view from my side of the road. I was across the road in both cases. The 1940 Ford Convertible photo was taken in Zion National Park during the 2022 Western National Tour in St. George, Utah. The 1940 Ford Coupe photo was taken in the Snowy Range during the 2011 Western National Tour in Laramie Wyoming. Both of these cars are owned by Mike and Mary Johnston at the time. I was not sure if they owned both cars as I recalled that they had sold one of the 40s. A quick email back and forth cleared up my memory and provided the detail needed. Below is Mike's reply.

*We still own both cars. We had a '32 Ford Tudor that we sold before leaving MI, maybe that's the car you were thinking of that we sold. We've owned the convertible since August 2002 so it's coming up for a 20th anniversary later this summer. We drove it on our first VMCCA tour, the Chrome Glidden on the Blue Ridge Parkway put on by John and Doris Stone. We lived in MI then and drove the car to and on the tour and then home from Cherokee, NC. We weren't sure about touring before that tour but we sure were afterward as we met so many nice folks. We've been on quite a number of tours with the convertible since then and always enjoy top down touring. We purchased the coupe in June of 2010 and Laramie in 2011 was our first tour with the car. We often try to supplement our tour with*

*interesting places in the area and on the Laramie tour we arrived early and made a big driving loop. We went through Loveland, CO up Big Thompson Canyon to Estes Park and then through Rocky Mountain National Park. We went over Trail Ridge Road, through Granby and Walden and back to Laramie. This car has also been on a number of tours including two tours last summer totaling over 2,500 miles.*

There is a story about every car, where it came from to where it is going. There were about 70 vintage cars on the Western National Tour. That is at least 70 stories. I don't have the current participant count for the Chrome Glidden In Grand Island, Nebraska. There will be a story about every car there. I want to hear those stories and publish a few in this section of the Touring Chronicle. Maybe a short feature or two every edition. Be ready to share!

Carol puts a video slide show together from the photographs we take during tours. Just below the Reminders and Announcement section, there is a video of the 2022 Western National Tour. Just click on the arrow in the circle and it will open the video. This was a great tour with drives around some spectacular scenery. If you missed the tour, plan a trip into this area of Utah. You will enjoy it !

Stay healthy, my friends, so we can enjoy 2022 and the future together!

**HISTORY**

New Jersey played a central and critical role, during the Revolutionary War. In fact, George Washington and his armies spent over a third of their time here. Nearly three hundred engagements occurred in New Jersey; more than the combined total of clashes, within all the remaining American colonies.

#### LOCATION

New Jersey was centrally located among the thirteen colonies, which provided many transportation modes, between New York and Philadelphia. We'll explore its impact upon the Revolutionary War, its historical battlefields, the surrounding towns and the resulting challenges to Colonial America and its people.

#### SCENERY

New Jersey's natural beauty is frequently overlooked, because of its congested freeways and factories. Come join us as we explore New Jersey's "Revolutionary Road". We'll experience the great beauty of New Jersey's scenic highways and of the many covered bridges, barns and stone homes that can be found across the Delaware River, in beautiful Bucks County Pennsylvania.

#### ADVENTURE

Come join us as we explore Revolutionary War battlefields and other significant locations that helped secure America's independence from British occupation.

Come explore the Princeton and Monmouth Battlefields of the Revolutionary War. Learn about the contributions of their heroes and of other significant events and locations that helped win the American war of independence. We'll visit Sandy Hook so that you can dip your toe in the famous "Jersey Shore" and view the NY Skyline.

Fun and adventure await you as you join us, during this prestigious antique car tour. We'll visit Revolutionary War battlefields and other significant locations that contributed toward America's freedom from British rule.

#### REGISTRATION

Registration begins on May 1, 2022 and ends June 30, 2022. Hotel Details will be included in the confirmation email.

Applications will be available on:

## A Stroll through the Shelby American Collection

Alex Sommers  
Hagerty News  
25 March 2022

Seasoned car enthusiasts are a tricky bunch to excite. When you've spent your whole life futzing around high-profile automobiles, attending shows, participating in auctions, and going out of your way to experience or even just catch a glimpse of the best cars that the world has to offer, you can become jaded. If the mere sight of a real-deal Boss 429 just isn't enough to put that child-like grin on your face anymore, this is a clear sign it's time to spend at least an hour (or five) deep in Boulder, Colorado's Shelby American Collection (SAC). A spin around SAC is sure to inspire awe with its unparalleled collection of historically significant (and stunningly valuable) automotive jewels, all sleeping in an unassuming 10,000-

sq.-ft. building sharing a cul-de-sac with a prep school and two HVAC companies.

**Demolish Packard plant, Michigan judge orders**

Posnov/Getty Images

Jeff Peek  
Hagerty News  
06 April 2022

Detroit's historic Packard plant may soon be history. Wayne County (Michigan) Circuit Judge Brian Sullivan has ordered property owner Fernando Palazuelo to immediately raze the buildings in the dilapidated industrial complex, located on the Motor City's northeast side. Sullivan's default judgment favors the city of Detroit, which claims the site threatens "the public's health, safety, and welfare." The ruling was issued last week after Palazuelo and his attorney missed a March 24 trial date. The ***Detroit Free Press*** reports that demolition could cost an estimated \$10 million.

APRIL 2022

**Fat Tuesday Meeting Marks Club's Golden Anniversary**

The Golden Hub was decked out in Mardi Gras-colored decorations, with a huge inflated golden "50" in the center of the room. A 50th anniversary cake surrounded by Hot Wheels cars and trucks, provided by Russell and Brenda Clark, sat beneath the "50." The decorations certainly provided a festive atmosphere for the club's Golden Anniversary meeting and celebration. While the dates didn't exactly line up (the first meeting of what was to become the Fredericksburg Vintage Car Club was held on March 21, 1972), the tradition of holding club meetings on the first Tuesday of the month was established at that very first meeting.

A festively-decorated Golden Hub greeted club members.

Left, original club member Wayne Zimmerman. Right, longtime member Lou Buehn.

After the meeting was called to order, John Hughes delivered the invocation and led club members in the Pledge of Allegiance to the Flag. Linda Metzler introduced a very special guest, Wayne Zimmerman, who was one of the 12 attendees at that March 21, 1972 meeting. President Pete Delforge then introduced some other long-standing members. David and Liz Lindig joined the club in 1974 (see story in this issue). Carl Lueg and Lou Buehn became members in the late 1970s, and Keith and Molly Wyatt became members in the 1980s. Keith noted that their daughters used to play with the Lindig kids at meetings. Pete also noted that Mark Wieser, who spoke to the club in January, was in attendance, having been involved in the club back in the 1970s. Pete then initiated a round-robin discussion, with club members telling what they were driving in 1972. We didn't catch everyone's comments, but there were certainly some interesting wheels being driven back then: Jim Talbot - 1972 Ford F250; Marilyn Talbot - 1972 Mustang Fastback. Ed Metzler - 1970 Datsun 240; Linda Metzler - 1971(?) Mercury Capri. Wayne Zimmerman - 1972 Chevrolet Monte Carlo.

**New Kansas law passes, saves restored 1959 Corvette from the crusher**

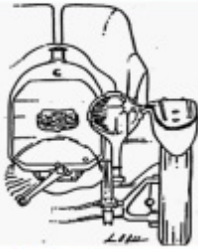

Kyle Smith  
Hagerty News  
24 March 2022

The thought of crushing a freshly restored 1959 Corvette is heartbreaking. Then, add in that the reason for doing so centers on the condition of two very specific rivets. Luckily for Richard Martinez, Kansas lawmakers have finally come through and passed a law that frees his beloved hardtop from the clutches of the impound lot.

## **Ward Diorama—Carter Lake Scenic Tour, April 23rd**

## **Recap of Western National Tour - April 3-9, 2022 St. George, Utah**

Our five days of touring totaled approximately 585 miles which included Silver Reef Historic mining & ghost town, Kolob Canyon, Frontier Museum in Cedar City, Zion National Park, Pipe Springs National Monument, Senator Wilson's private car collection, etc.

The scenery was unbelievable, food awesome (when we got it??) but most importantly was seeing old friends and making new ones while driving our classic cars. We gulped at the price of gas when we stopped to fill our gas tanks, laughed at getting lost, had our cars covered in mud on Vail Pass on the way home and prayed we would not get blown away on I-25 on the last 50 miles of our journey.

Home again and getting ready for our next trip to Grand Island, NE. National tours give us memories that last forever!! Attendees were: Randy & Sandy Carlson, Bob & Eileen Edelman, Lloyd & Shirley Reed, Mark & Sandy Hamlin, Ray & Carol Maxfield and Frank & Mary Kauffman.
