PAM'S DAY AT THE SPA

As part of the fun and festivities of this year's Glidden I will be hosting an event at the Roosevelt Baths and Spa on Monday, September 13, and I am inviting you to join the fun! Please read here about your options and add your choices to the registration form on the white wrapper.

Established in 1935, the Roosevelt Baths & Spa Saratoga Springs spa resort opened thanks to President Franklin Roosevelt's visionary act to preserve the Saratoga Springs. Authentic and historic, today the Roosevelt Baths & Spa offers a transforming hydrotherapy spa experience with naturally healing treatments, performed by an attentive staff known for caring and quality of service.

Transformation begins with a private soak in 42 original treatment rooms with Saratoga's naturally effervescent water. Guests will discover a delightfully buoyant quality to the mineral water, and revel in Saratoga's signature brand of aquatic bliss.

Fountain of Youth and Vitality

"The tubs, although antique, are deep and long. It's like soaking in warm ginger ale, so tingly and comforting, it's like being kissed by godly forces. You can dim the lights and listen to the soothing music as you drift into a place where all is right in the world. After or before your treatment you can chill out in their relaxation room. The building and premises are in keeping with the original Spa of the 1930's therefore, I suggest you embrace it's authentic vintage stylings and enjoy your experience."

- JuJu F, Tripadvisor, May 2019

Please pick package number from here and put the package number on the registration form:
